

Registering WinLoG 4 (Single User Version)

STEP 1: Start WinLoG 4

- Click Start, then Click All Programs, then click GAEA, then click WinLoG 4 from the windows menu.
- This should open the application. The first form you are shown is the WinLoG Demo form (shown below).

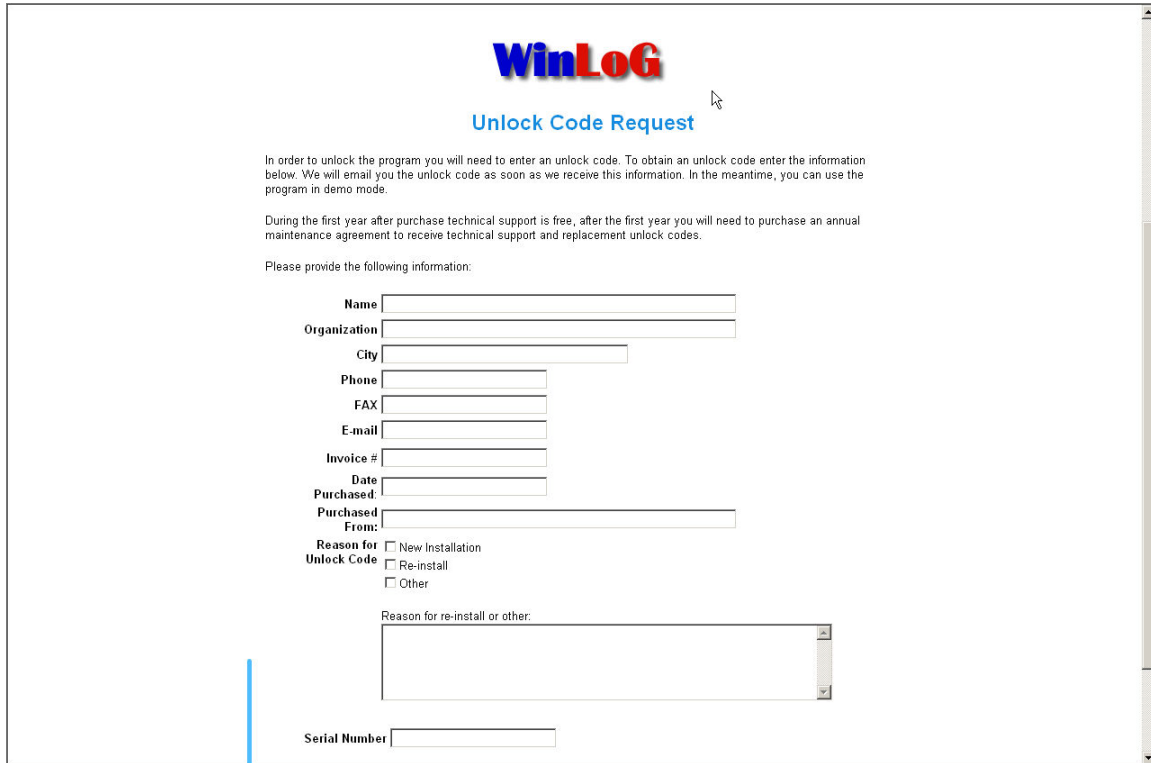

- Click the “Register Button”. This opens the “Registration form” (shown below)

The screenshot shows the WinLoG Registration form. The title bar reads "Registration". The main text says: "To register the software and obtain an unlock code, click the obtain unlock code button. A registration form on GAEA's internet site will be displayed. Fill in the information on the form and then submit the form." Below this text, there is a "Serial Number:" label followed by a text box containing "WL4-12731551" and a button labeled "Obtain Unlock Code". Below this, it says: "If you are unable to access the internet, please call us at (905) 666-7527 or fax us at (905) 666-3744." Below this, there is a blue instruction: "After you have received an unlock code enter it below and click the button." Below the instruction, there is an "Unlock Code:" label followed by an empty text box and a button labeled "Store Unlock Code". At the bottom of the form, there are three buttons: "OK", "Cancel", and "Help".

- **If you do not have the “Unlock Code”** then click “Obtain Unlock Code” button. That opens the WinLoG unlock code form shown below:

- **If you already have an unlock code** enter it in the space provided for an unlock code and Click “OK”. Now your program should be registered.

STEP 2 – FILL OUT THE ONLINE REGISTRATION FORM.

The screenshot shows a web browser window displaying the "WinLoG Unlock Code Request" form. The form is titled "WinLoG" in a large, stylized font, with "Unlock Code Request" below it. The text explains that an unlock code is needed to activate the program and that the user will receive it via email once the information is verified. It also mentions that technical support is free for the first year. The form fields include: Name, Organization, City, Phone, FAX, E-mail, Invoice #, Date Purchased, Purchased From, Reason for Unlock Code (with radio buttons for New Installation, Re-install, and Other), a text area for "Reason for re-install or other:", and Serial Number.

WinLoG
Unlock Code Request

In order to unlock the program you will need to enter an unlock code. To obtain an unlock code enter the information below. We will email you the unlock code as soon as we receive this information. In the meantime, you can use the program in demo mode.

During the first year after purchase technical support is free, after the first year you will need to purchase an annual maintenance agreement to receive technical support and replacement unlock codes.

Please provide the following information:

Name

Organization

City

Phone

FAX

E-mail

Invoice #

Date Purchased:

Purchased From:

Reason for Unlock Code New Installation
 Re-install
 Other

Reason for re-install or other:

Serial Number

Please fill out all the information requested and then submit the form. Once the form is submitted all the information is checked against our database. An unlock code is sent by email to the user once the purchase information has been verified.

Once the unlock code is received just follow the procedure in Step 1 once again.
